## Dashboard at 1000px

A screenshot of a study dashboard titled "My Study Dashboard". The dashboard is divided into four main sections: "Today's tasks", "Quick Notes", "Daily quote", and "Custom widget (Optional)".

- Today's tasks:** Contains a list of checkboxes for "Review lecture notes" (checked) and "Work on dashboard layout". Below is a "New task" section with a text input field ("Write a new task here...") and a "Add task" button.
- Quick Notes:** Contains a "Notes" section with text about a lab on Friday and CSS variables. It includes a "Save changes" button.
- Daily quote:** Contains a quote by Will Durant: "We are what we repeatedly do. Excellence, then, is not an act, but a habit." Below the quote is the author's name "Will Durant" and a "Category" selector set to "General". A "New quote" button is also present.
- Custom widget (Optional):** This section is described as intentionally left blank for custom design.

The dashboard uses a dark theme with light-colored text and buttons. The "Add task" button in the top right corner is highlighted in blue, indicating it has been clicked.
